Dear Przemyslaw,

Re: Reference from Sidereal Trading Pty Ltd

We are delighted to have the opportunity to recommend our partnership with ScopeDome.

ScopeDome and Sidereal Trading Pty Ltd have been working together since July 2020 after Sidereal Trading Pty Ltd acquired the ScopeDome Australia business name. The acquisition of the business name was based on a long-term successful venture between the previous owner and ScopeDome Poland.

In the past two years Sidereal Trading Pty Ltd has sold and installed many fully automated 3M and 4M Domes and Clamshell observatories.

The ScopeDome observatories and automation systems are of excellent quality and our customers (amateur astrophotographers, secondary and tertiary education institutions, and scientific research facilities) have been very happy with the products and the service and support. A successful astronomical observatory supply business is only possible if the manufacturer provides excellent customer service.

The ScopeDome Team respond to emails and telephone calls in a prompt and timely manner. With collaboration and discussion, and even with the difficulty of distance and two years of Covid, we have managed to solve any issues that have arisen. We know we can count on ScopeDome to provide the advice and technical support that we need.

In a word, we have found our relationship with ScopeDome to be first-rate.

Kind regards,

Paul Litchen and Diego Colonnello
Directors
Sidereal Trading Pty Ltd
